Copy 3 of 6

MEMORANDUM FOR: Executive Officer, DD/S&T

SUBJECT: Editorial Changes on Management Relation Paper between OSA and OSP

25X1

REFERENCE: [redacted] dated 1 October 1965

1. In connection with the reference there are a few editorial changes and amplifications which I would like to suggest to you for incorporation in the text of the reference. These have been discussed with General Ledford and principal members of the OSA Staff. The net results of these changes, I hope, will be a little more clarifying where required.

2. The changes I would propose are as follows, new language is indicated by underlining:

A. Under paragraph IV. DIRECT OSA SUPPORT TO OSP: C. Registry: Suggest - Support as required resulting in primarily from OSP employment of OSA communications facilities.

B. Under paragraph IV. DIRECT OSA SUPPORT TO OSP: D. Communications: Provide support and staffing to OSP facilities. Should OSP requirements result in unprogrammed cost for communications equipment necessary to provide effective support, OSP will be asked to budget for these items.

C. Under paragraph IV. DIRECT OSA SUPPORT TO OSP: E. Logistics: We suggest the following wording - Storage and warehousing, property management and accountability plus domestic airlift as noted in paragraph V. D.

D. Under paragraph V. SPECIAL MANAGEMENT AREAS: D. Control of Take from Satellite Programs: Suggest that the second sentence reads as follows: OSA will supply domestic transportation as required and requested.

E. Under paragraph V. SPECIAL MANAGEMENT AREAS: E. Contracting: In the second sentence request that the phrase "and body by name" be deleted therefrom. The third sentence of this same paragraph should use the phrase "remain assigned" rather than "will be assigned".

F. Under paragraph V. SPECIAL MANAGEMENT AREAS: F. Security: A correction should be made following the first three words in the paragraph to read as follows: two in Headquarters, [redacted] in Boston, and [redacted] in Palo Alto, California, together with, etc. 25X1 25X1

3. I assume that there will be a further meeting to refine matters of this sort and that ultimate and intra-DD/S&T issuances based on this paper will come out delineating the responsible areas of authority and responsibility between the two organizations. Please let me know if you have any comments on this matter.
